

SV update 28.02.17

- Student Voice:

The latest Student Voice survey was completed by over 800 students, Nov 16 – Jan 17; SV groups continue to meet in school with SSC; SV panel attended Frodsham Neighbourhood Plan meet (Jan 17) and provided YP voice to Town Councillor and the Mayor of Frodsham; a new Voice opportunity this year has also been provided by our SSC-led fortnightly Student Newsletter – all of the above has successfully increased the number of students involved in Voice activities this year, as well as the scope of their activity. Pending examples of YSWD likely to include trial of new mobile phone use policy, and of purchase of new cycle storage equipment in school.

Statistics:

Safe in school – 96% of students

Happy in school – 92% of students

Of the 4% of students who expressed concerns about safety, some acknowledge the open nature of the school site. Measures have been put in place this academic year to improve site security, involving the use of swipe card for all entry and exit from the school buildings.

- Community:

The majority of the survey on this occasion was taken up by community-based questions, to assist our partner organisations in the local area. They wanted information about what our young people do currently outside of school, and what their wants would be for future provision.

Some of the headlines re current activities are shown below:

- Helsby (27% of respondents live here): Tennis (43 students), Scouts, and Football were top 3 activities; most known about: Football, Rugby, Scouts; least known about: fishing, snooker, karate
- Frodsham (37%): Brio Leisure (155), football, youth club; most known Brio, youth club, football; least known about: Outreach project, LGBTQ group, music hub

- Outside H-F (inc Elton 10% and Kingsley-Norley 9%): Delamere Park run (51), Kingsley cricket, Elton scouts; most known Park run, scouts, guides; least known Kingsley Transition, gardening club, Kingsley U17s

Further research to be done by area.

This information has been shared with local organisations, and further work will be done in this regard.

Thank you to all our students who took part!

- Future wants:
