

Well done to the HHS team who won the URENCO Make-It Enterprise Challenge held in School on 20th January 2016.

Thanks to Geoff at URENCO for visiting our assembly today to present the trophy to the winning team:

The challenge day was held here at School and we were joined by teams from two other schools. Teams spent the day designing a solution to a set design brief, modelling their ideas, calculating finances and designing material for marketing it. Each team then delivered a pitch in a 'Dragons Den' style to our judges from URENCO and The Manufacturing Institute.

A fun day was had by all, well done again to the winning team!
