

I wanted to make you aware that we have recently commissioned Frodsham Wind Farm and in conjunction with this the operating company – Frodsham Wind Farm Ltd – is running a photography competition that is open to all children under the age of 16.

All your pupils have to do is send us their best photographs of 'The Marshes' which can be taken on either a camera or a mobile phone. Photographs can focus on any element of the Marshes including (but not limited to):

- Its wildlife
- The wind turbines themselves
- Recreational uses such as cycling and walking

All participants must remain outside of the Wind Farm boundary, demarked by fences and gates, whilst photographing the operational site.

The winning photograph will be picked by the company's Managing Director and the winning photographer will be rewarded with an iPad mini and an enlarged canvas to put up in your school.

To enter the photography competition, the entries (maximum of three per entrant) should be sent into school, with the student's name, and school can then send them to us.

Send to: [windfarm@helsbyhigh.org.uk](mailto:windfarm@helsbyhigh.org.uk)

Entries must be with your school by 9am on 7<sup>th</sup> July.

Visit <http://www.peelenergy.co.uk/frodsham> for terms and conditions. Good luck!

Kind Regards,

Stephen Snowdon, Peel Energy

# FRODSHAM WIND FARM PHOTOGRAPHY COMPETITION

Show us your photography skills and win an iPad mini!

All you have to do is send us your best photographs of 'The Marshes' near Frodsham Wind Farm, which can be taken on either a camera or a mobile phone. Photographs can focus on any element of the Marshes including (but not limited to):

- ◆ Its wildlife ◆
- ◆ The wind turbines themselves ◆
- ◆ Recreational uses such as cycling and walking ◆

To enter, speak to your head teacher by 7th July 2017,  
and they will send your photo on to us!
