

## Primary School Orienteering Leadership

Students from Year 10 lead and supported at the primary school orienteering event held at Helsby High School. Armed with a compass and a map, competitors must use their navigational skills to navigate from point to point in diverse and usually unfamiliar terrain, and normally moving at speed. Although the terrain is flat students still needed to use a range of skills to complete the challenge. This was helped by our outstanding leadership team which was coordinated by Emma W. Emma who is an orienteering champion in her own right was recognised as an excellent ambassador for our school.

Well done everyone involved

Mr callaghan
