A large part of the student leader role is acting as a role model to other pupils. Explain why and how you would be a good role model.

To be a good student leader you will need to be able to work well in a team. Describe a situation where you worked in a team and what you learnt from the experience.

In addition to the student leader duties in the job description, how else do you think the student leader role could be developed?

Student leaders will be assigned to specific teams. Explain which team would you like to work with and the reasons why?
